Literature List on Hospitals

NO 156 Air movement through doorways - the influence of temperature and its control by forced airflow.
BIBINF Bldg. Serv. Engr. vol.42 no.12 p.210-218 13 figs. 2 tabs. 10 refs. #DATE 01:12:1974 in English

NO 197 Use of a portable gas chromatograph and tracer gas for rapid determination of air ventilation rates

NO 219 Comparison of internal and outside pressure distributions measured at a model and at the actual slotervaart hospital in amsterdam.

NO 291 Air leakage through joints
Luftlackage genom fogar.
BIBINF Byggmastaren 1973 no 9 p13-14 4 figs. 1 tab. #DATE 01:09:1973 in Swedish

NO 454 Natural ventilation of large hospital buildings.
BIBINF Hospital Engineering vol.29 p11-17 12 figs #DATE 01:10:1975 in English.

NO 513 Natural ventilation in hospital buildings report no 15. operating manual for the "crkflo" computer program
BIBINF BSRIA report 19/34/3, #DATE 01:08:1976 in English BSRIA. sp.

NO 702 Natural ventilation in the modern hospital.
BIBINF CHS Symposium "Natural ventilation by design" London 2nd. December 1980 p.45-54 4 figs. 8 refs. #DATE 02:12:1980 in English #AIC 318

NO 710 Air flow through an open door.
Luchstromingen door een open deur.

NO 711 May doors in hospitals remain open?
Mogen deuren in een ziekenhuis open blijven staan?
BIBINF Publication no.437 Institute for Environmental Hygiene TNO October 1972< = Electricity Council Research Centre O.A.Translation no.1761< = DATE 01:10:1972 in Dutch, English #AIC 340

NO 716 Residential air pollution levels: Observation and data interpretation.

NO 1254 An overview of ventilation research in large non-residential buildings.

NO 1345 Clean ducts.
Rena kanaler.

NO 1422 Ventilation investigation in large buildings
BIBINF Klimaatbeheersing 1984, vol.13, no.5, p112, 120, 19 figs, 3 tabs, 27 refs. #DATE 01:05:1984, in Dutch,

NO 1457 Energy conservation and air conditioning and ventilation installations
Ecomies d'energie et installations de ventilation et de climatisation
BIBINF Schweiz.Bl.Heiz.Luft. 1982, vol.9, no.6, 16-18, 6 tabs. #DATE 01:01:1982, in French,

NO 1540 Theoretical description of pressure and air mass flow distribution in buildings with natural and mechanical ventilation.
Beitrag zur theoretischen Beschreibung der Druck- und Luftmassenstromverteilung in naturlich und maschinell geluftenen Gebäuden.
BIBINF Fortschritt-Berichte der VDI Zeitschriften, Reihe 6:Energietechnik Warmetechnik, No 151. Dusseldorf:VDI Verlag,1984. 281pp, 156 diags, 50 tabs, 122 refs. #DATE 00:00:1984 in German

NO 1565 Theoretical description of pressure and air mass flow distribution in buildings with natural and mechanical ventilation.
Zur theoretischen Beschreibung der Druck- und Luftmassenstromverteilung innaturnlich und maschinell geluftenen Gebäuden.
BIBINF HLH Heizung, Luftung, Haustechnik, October 1984, Vol 35, No 10, p499-502, 1 diag, 20 refs. #DATE 00:10:1984 in German

NO 1636 Air quality in hospitals and health care facilities

NO 1637 Hospital air quality study

NO 1755 Smoke control in VA hospitals.
Air conditioning in hospitals.
La climatizzazione negli ospedali.
BIBINF Italy, Condizionamento dell'aria, Riscaldamento Refrigerazione, Vol 34, No 11, November 1990, pp 1665-1677, 10 tabs, 1 ref. #DATE 00:11:1990 in Italian

Air supply in operating rooms.
Luftzufuhr in den Operationsraum.
BIBINF Germany, Gesundheits Ingenieur, Vol 111, No 6, 1990, pp 267-272, 5 figs, 10 refs. #DATE 00:00:1990 in German

Technology and inspection of air conditioning systems.
BIBINF “Ventilation et Renouvellement d'Air dans les Batiments”, AIVC/AFME Workshop, held 18-22 March 1991, Lyon, France, 4pp, 5figs. #DATE 00:03:1991 in French

Sick building syndrome, epidemiological studies and medical aspects.

Energy efficiency and health.
BIBINF Healthy Buildings, January-February 1991, pp 8-9. #DATE 00:01:1991 in English

Experimental studies of germ and particle pollution in a hospital operating room with laminar displacement air flow.
Experimentelle Untersuchungen zur Keim- und Partikelbelastung in einem Operationsraum mit laminarer Verdrangungsstromung.
BIBINF Germany, Ki Klima Kalte Heizung, No 9, 1991, pp 356-362, 11 figs, tabs, 8 refs. #DATE 00:00:1991 in German

Application of tracer gas analysis to industrial hygiene investigations.

Overflow grids in operating theatres: a must.
Overstroomroosters in het OK-blok van de operatie-afdeling: Een noodzaak.
BIBINF Netherlands, Klimaatbeheersing, Vol 20, No 10, October 1991, pp 307-312, 6 figs, 5 refs. #DATE 00:10:1991 in Dutch

Hospital ventilation standards and energy conservation: chemical contamination of hospital air. Final report.
BIBINF USA, University of California, Lawrence Berkeley Laboratory, Energy and Environment Division, March 1980. #DATE 00:03:1980 in English

Optimization of heat insulation for the building skin.
Optimisation de l’isolation thermique de l'enveloppe.
BIBINF France, CVC, Chauffage, Ventilation, Conditionnement, No 2, 1992, pp 53-56. #DATE 00:00:1992 in French

Moisture and mildew in a Florida health facility.
BIBINF USA, Indoor Air Quality Update, February 1992, pp 8-12. #DATE 00:02:1992 in English

Guidelines for ventilation in commercial buildings.

Air movements and air change rates within nucleus hospitals.
BIBINF UK, Air Infiltration and Ventilation Centre, proceedings 13th Annual Conference "Ventilation for Energy Efficiency and Optimum Indoor Air Quality", held Nice, France, 15-18 Sept 1992, pp 319-331, 5 figs, 1 tab, 6 refs. #DATE 00:09:1992 in English

Air for smoke control.
BIBINF USA, Ashrae Journal, July 1978, pp 27-29. #DATE 00:07:1978 in English

Downward parallel flow system for operating rooms with moderate air volume flows.
BIBINF Roomvent ’92, Third International Conference, Aalborg, Denmark, September 2-4 1992, Publisher: DANVAK, Lyngby, Denmark, Volume 2, pp 181-194. #DATE 02:09:1992 in English

New $53 million courthouse qualifies as classic sick building.
BIBINF USA, Indoor Air Quality Update, Vol 5, No 10, October 1992, pp 1-5. #DATE 00:10:1992 in English

Swedish researcher attacks SBS head on.
University of Ulm, Germany, 5-7 October, 1994, pp 22-35.

NO 9352 Anaesthesiologic procedures and environmental pollution in nonventilated work areas.
BIBINF Switzerland, Indoor Air International, 1994, proceedings of Indoor Air Pollution: Innenraumschadstoffbelastung, held at the University of Ulm, Germany, 5-7 October, 1994, pp 187-190.

NO 9353 Diffusion of anaesthetic gases through plastic materials, used in anaesthesia.
BIBINF Switzerland, Indoor Air International, 1994, proceedings of Indoor Air Pollution: Innenraumschadstoffbelastung, held at the University of Ulm, Germany, 5-7 October, 1994, pp 191-193.

NO 9358 The sick building syndrome in a hospital: a case study.
BIBINF Switzerland, Indoor Air International, 1994, proceedings of Indoor Air Pollution: Innenraumschadstoffbelastung, held at the University of Ulm, Germany, 5-7 October, 1994, pp 249-253.

NO 9363 Influence of air quality in operating theatre due to laser surgery.
BIBINF Switzerland, Indoor Air International, 1994, proceedings of Indoor Air Pollution: Innenraumschadstoffbelastung, held at the University of Ulm, Germany, 5-7 October, 1994, pp 364-375.

NO 9364 Airborne particulate debris from medical laser tissue treatment.
BIBINF Switzerland, Indoor Air International, 1994, proceedings of Indoor Air Pollution: Innenraumschadstoffbelastung, held at the University of Ulm, Germany, 5-7 October, 1994, pp 376-381.

NO 9366 Detection of pollutants and process analysis in laser medicine by laser spectroscopic methods.
BIBINF Switzerland, Indoor Air International, 1994, proceedings of Indoor Air Pollution: Innenraumschadstoffbelastung, held at the University of Ulm, Germany, 5-7 October, 1994, pp 406-417.

NO 9374 VOCs in new-born infants unit.

NO 9465 Slightly elevated CO shows strong correlation with illness.
BIBINF USA, Indoor Air Quality Update, December 1995, pp 4-5.

NO 9491 Bioaerosols handbook.

NO 9544 Healthy buildings 95. Proceedings Volume 1.
BIBINF Proceedings of a conference held Milan, Italy, 10-14 September 1995, pp 1-583. Volume 1 of these healthy buildings proceedings contains sessions under the following headings: Healthy buildings, problems, opportunities and responsibilities; Exposure, health effects and control of toxic materials in buildings; Radiation in buildings; Ventilation and indoor air quality requirements in hospitals; Assessment of emissions from building projects; healthy offices; Heating, ventilation and air conditioning systems; General aspects of building design and operation; Healthy dwellings; Exposure, health effects and control of toxic materials in buildings.

NO 9545 Healthy buildings 95. Proceedings Volume 2.

NO 9566 Air quality monitoring in hospital departments: influence of outside pollutants and inside human activities on global hospital air quality.
BIBINF Healthy Buildings 95, edited by M Maroni, proceedings of a conference held Milan, Italy, 10-14 September 1995, pp 1055-1060, 5 figs, 4 refs.

NO 9567 The air distribution system for the cardiosurgery operational room in the Military Hospital in Warsaw.
BIBINF Healthy Buildings 95, edited by M Maroni, proceedings of a conference held Milan, Italy, 10-14 September 1995, pp 1081-1086, 2 figs, 8 refs.

NO 9568 The maintenance of the air distribution system for the Military Hospital in Warsaw.
BIBINF Healthy Buildings 95, edited by M Maroni, proceedings of a conference held Milan, Italy, 10-14 September 1995, pp 1087-1092, 2 figs, 7 refs.

NO 9569 Design parameters and economical aspects in ventilation systems for bone marrow transplant patients.
BIBINF Healthy Buildings 95, edited by M Maroni, proceedings of a conference held Milan, Italy, 10-14 September 1995, pp 1111-1116, 5 figs, 4 tabs.

NO 9570 The effect of duct design in the air conditioning plants on air quality.
BIBINF Healthy Buildings 95, edited by M Maroni, proceedings of a conference held Milan, Italy, 10-14 September 1995, pp 1153-1157, 2 figs, 1 ref.

NO 9945 Health care ventilation standard: air changes per hour or CFM/patient?

NO 10006 On the assessment of ventilation requirements for hospital operating rooms.
Indoor Air '96, proceedings of the 7th International Conference on Indoor Air Quality and Climate,

#NO 10012 Influence of the ventilation system to the particulate level in a hospital. Indoor Air '96, proceedings of the 7th International Conference on Indoor Air Quality and Climate, held July 21-26, 1996, Nagoya, Japan, Volume 1, pp 545-550.

#NO 10421 Smoking could be good for you. UK, HAC, February 1997, p7.

#NO 10438 Ventilation of operating rooms - bacteriological investigations. USA, American Journal of Public Health, No 50, 1960, pp 484-490, 4 figs, 1 tab, 10 refs.

#NO 10465 Clean air in the operating room. USA, Cleveland Quarterly, Vol 40, No 3, 1973, pp 99-114, 13 figs, 6refs.

#NO 11023 Environmental control of drug resistant tuberculosis in industrial and developing countries. USA, Washington DC, Healthy Buildings/IAQ '97, 1997, proceedings of a conference held Bethesda MD, USA, September 27 - October 2, 1997, Volume 1, pp 301-314, 1 fig, 1 tab, 31 refs.

#NO 11223 Energy and cost effective retrofit of ventilation systems in office building, apartments and hospitals - some elements. Germany, Fraunhofer Institute of Building Physics, proceedings of "Retrofitting in commercial and institutional buildings", an IEA Future Buildings Forum Workshop held in Stuttgart, Germany, April 28-30, 1997, pp 169-178, 9 figs, 1 ref.

#NO 11227 Trends for retrofit of VAC systems in hospitals - Polish case study. Germany, Fraunhofer Institute of Building Physics, proceedings of "Retrofitting in commercial and institutional buildings", an IEA Future Buildings Forum Workshop held in Stuttgart, Germany, April 28-30, 1997, pp 233-239, 3 figs, 1 tab, 3 refs.

#NO 11393 A comprehensive study of environmental conditions and equipment in hospitals: questionnaire survey for all of the hospitals in Hokkaido, Iceland, ICEVAC, The Icelandic Heating, Ventilating and Sanitary Association, Proceedings of the Cold Climate HVAC '97 Conference, held in

#NO 11684 Investigators link building IEQ and environmental illness. USA, IEQ Strategies, September 1998, pp 8-10.

#NO 11793 Environmentally induced dysfunction: the Camp Hill Medical Centre Experience. Journal of Nutritional and Environmental Medicine, No 6, 1996, pp 351-358, 32 refs.

#NO 11968 Air pollution and daily mortality in three Swiss urban areas. Soz. Praventimved., Vol 41, 1996, pp 10-115, 1 fig, 4 tabs, 21 refs.

#NO 11980 Resolving duct leakage claims. USA, ASHRAE Journal, March 1999, pp 49-53, 2 figs, 4 tabs.

#NO 12008 IAQ in nursing homes. USA, ASHRAE Journal, February 1999, pp 34-38, 2 tabs, 17 refs.

#NO 12141 Indoor air quality and infection problems in operating theatres. EPIC '98, Volume 1, pp 285-290, 7 figs, 1 tab, refs.

#NO 12260 The optimisation of UVGI air disinfection in a UK hospital building. UK, Garston, BRE, 1999, proceedings of Indoor Air 99, the 8th International Conference on Indoor Air Quality and Climate, and the Air Infiltration and Ventilation Centre (AIVC) 20th Annual Conference, held Edinburgh, Scotland, 8-13 August 1999, Volume 2, pp 659-664.

#NO 12265 Improving indoor air quality in dental practices and certain hospital environments with stand-alone air purification systems. UK, Garston, BRE, 1999, proceedings of Indoor Air 99, the 8th International Conference on Indoor Air Quality and Climate, and the Air Infiltration and Ventilation Centre (AIVC) 20th Annual Conference, held Edinburgh, Scotland, 8-13 August 1999, Volume 2, pp 685-689.

#NO 12314 Pressure relationships in hospital critical-care facilities. UK, Garston, BRE, 1999, proceedings of Indoor Air 99, the 8th International Conference on Indoor Air Quality and Climate, and the Air Infiltration and Ventilation Centre (AIVC) 20th Annual Conference, held Edinburgh, Scotland, 8-13 August 1999, Volume 5, pp 31-36.
Quality and Climate, and the Air Infiltration and
Ventilation Centre (AIVC) 20th Annual
Conference, held Edinburgh, Scotland, 8-13 August

NO 12332 Deeltjes in OK na openen deuren. Pollutant flow through open doors in operating
theatres. Netherlands, TVVL Magazine, no 6, 1999, pp 26-
30, 6 figs, 6 tabs, 4 refs.

NO 12333 Schuifdeuren of draaideuren? Sliding or
swing doors? Netherlands, TVVL Magazine, no 6, 1999, pp 32-
36, 11 figs, 2 refs.

NO 12345 Hospital energy performance: new
indicators for UK National Health Service estate.
UK, Building Serv Eng Res Technol, Vol 20, No 1,
1999, pp 9-12, 4 figs, 2 tabs, 4 refs.

NO 12348 Energiezuinig ontwerp ziekenhuis.
Netherlands, TVVL Magazine, No 6, 1999, pp 5-7,
2 figs, 1 tab, 4 refs.

NO 12366 Ventilatie en gezondheid. Ventilation
and health. Netherlands, TVVL Magazine, No 6, 1999, pp 9-12,
4 figs, 1 ref.

NO 12372 Hygieisch ventileren in ziekenhuizen. Hygienic ventilation in hospitals.

NO 12384 HR-warmterugwinning bij MCL. HR
heat recovery at MCL. Netherlands, TVVL Magazine, No 6, 1999, pp 58-
60.

NO 12406 Roomvent '98 6th international
conference on air distribution in rooms. Volume 1.
Sweden, Stockholm, KTH, 1998, proceedings of a
conference held Stockholm, Sweden, June 14-17,

NO 12489 In the service of medicine: air
conditioning critical hospital areas. Refrigeration and Air Conditioning, September

NO 12564 Tracergastechnieken. Tracer gas
techniques. Netherlands, TVVL Magazine, No 11, 1999, pp 36-
44, 12 figs, 3 refs, in Dutch

NO 12646 Relatie tussen deeltjes en bacterien in di
OK. Relation between particles and micro-
organisms in an operating theatre. Netherlands, TVVL Magazine, No 11, 1999, pp 72-
89, 15 figs, 24 tabs, 10 refs, in Dutch.

NO 12662 Marketing duct cleaning services by
creating a partnership with building owners and

NO 12679 Ventilatie short lived where cleaning
is not possible. VVS Sweden 1975, no. 5.

NO 12682 Duct cleaning can be a risky business.
DucTales, 1996, Vol 8, No 2, pp 10-11, 1 tab.

NO 12816 Buildings from the 90s: healthier than
older buildings, but the school environment gives
cause for concern. Swedish Building Research, No 1, 2000, pp 4-6.

NO 12831 Ventilation and infection risk.

NO 12936 Passive responses for comfort
conditions in a closed atmosphere under hot dry
climates.
in: PLEA '99 "Sustaining the Future - Energy,
Ecology, Architecture", proceedings of a conference
held Brisbane, Australia, September 22-24, 1999,
edited by Steven V Szokolay, published by PLEA
International, in conjunction with the Department of
Architecture, The University of Queensland,
Brisbane, Volume 1, pp 393-398, 8 figs, refs.

NO 12960 The situation of compulsory
performance checking of ventilation systems after
six years in force.
in: UK, Watford, BRE, "Indoor Air 99",
proceedings of a conference held Edinburgh,
Scotland, 8-13 August, 1999, Volume 4, pp 549-
554, 4 figs, 10 tabs, 3 refs.

NO 12987 HVAC systems in patient care spaces.
in: ASHRAE Annual Meeting 2000, proceedings of
a conference held Minneapolis, USA, June 24-28,
2000.

NO 12988 HVAC design approach and design
criteria for health care facilities.
in: ASHRAE Annual Meeting 2000, proceedings of
a conference held Minneapolis, USA, June 24-28,
2000.

NO 12989 Inpatient care clinical facility needs.
in: ASHRAE Annual Meeting 2000, proceedings of
a conference held Minneapolis, USA, June 24-28,
2000.

NO 12990 Comparative analysis of HVAC
systems that minimise the risk of TB and other
airborne infections disease.
in: ASHRAE Annual Meeting 2000, proceedings of
a conference held Minneapolis, USA, June 24-28,
2000.

NO 13025 TB and MRSA Control: an alternative
approach to infection control. Symposium and
exhibition.
UK, Leeds, 2000, proceedings of the first
symposium on the application of engineering
measures to control tuberculosis and airborne
nosocomial (hospital acquired) infections.

NO 13026 Ventilation and IAQ for the hospitality
industry.
#NO 13179 Control of the environment in operating theatres in different types of hospitals. Finland, SIY Indoor Air Information Oy, 2000, proceedings of "Healthy Buildings 2000", held 6-10 August 2000, Espoo, Finland, paper 480.

#NO 13222 Health care IAQ: guidance for infection control. USA, Heating Piping and Air Conditioning Engineering, October 2000, pp 28-36, 2 figs, 2 tabs, 2 refs.
